

WRIGHT STATE UNIVERSITY
Computer Science and Engineering Department
CS 3100/5100 – Data Structures and Algorithms
Spring 2026 – Project 3 (100 pts)
Due: April 25, 2026 by 11:59pm

Implement the full version of **SinglyLinkedList** class given in the lecture notes “21-ListADT” in the “Contents/Course Slides” folder in Pilot. Use the code given on the slides 9 through 32.

TURNIN: Submit your source code including header (.h) and implementation of the class and main functions (.cpp) to Pilot by the deadline.
